RE: G&D Associates Recommendation; RFP for Strategic Visioning and Systematic Transformation Consultant

To Whom It May Concern,

The Polk County School Board, Office of Acceleration and Innovation has worked with G&D Associates since 2013. Mr. Gregory and his team of consultants have provided excellent services in the areas of marketing, branding, communications coaching, leadership coaching for implementation, change management and personalized learning. This ongoing professional relationship has strengthened our ability to successfully implement three multimillion dollar grant projects over the past six years.

Because of the consultancy and services provided by G&D Associates we have made significant advancements toward our grant goals, which led to the successful award of additional projects. The G&D team is engaging, professional, customer focused and results driven. Upon survey of our teachers and school administrators, we have received positive feedback and requests for additional consultancy with the G&D Associates team. I highly recommend G&D Associates to other schools and districts.

Best Regards,

Carla McMullen
